Thursday, May 19, 1870.

Tribute to the Late Judge Irwin.

In the U. S. District Court at Pittsburg on Monday, Judge McKenna and McCandless, presiding, United States District Attorney Slope announced the death of Hon. Thos. Irwin, and spoke as follows:

May it PLEASE YOUR HONORS: It becomes my duty, as the representative of the Government, to bring to the notice of the court, officially, the death of, on Saturday last, of the Hon. Thos. Irwin, who, for nearly thirty years held the commission of the President as United States District Judge for the Western District of Pennsylvania. I am informed, moreover, that the funeral services will take place this afternoon at three o'clock.

It was not my privilege to know Judge Irwin personally—he was before my time at the bar—but I am not unaware of the high position which he occupied in the history of his country, both State and national. Descended from revolutionary ancestors, who contributed their full share towards the triumph of the American arms, he was early imbued with patriotic feelings, and evinced a disposition to take part in public affairs. He held his first office in the service of President Madison, having been sent as an Indian Agent to Louisiana, where he designed permanently to locate. But his health failing he returned to his native State, and sought a home among her mountains. He located permanently in Uniontown, Fayette county, and engaged in the practice of his profession. It was not long until he was elected to the Legislature, where he served two successive terms, taking an active part in the proceedings of that body. Soon after he was elected by his fellow citizens to represent them in Congress. While serving on his term of office there he was elected by one of the Executive chair—Gen. Jackson, Judge of the United States District Court for the Western District of Pennsylvania. He continued to hold the office, discharging its varied and responsible duties with great ability, contributing his full share to the literature of his profession in opinions still quoted as authority—until 1859, when he resigned at the advanced age of seventy-seven years, and retired to the quiet of domestic life. He was succeeded by his son, Hon. Judge McCandless.

He has passed the evening of his days, surrounded by the amenities of an elevated social circle, and enjoying the ministrations of a fond and affectionate family. At the ripe age of eighty-seven years, he was, on Saturday, gathered to his fathers. It is a fitting tribute to a son to respect to his memory, that this Court, in which he so long occupied a seat upon the bench, should now adjourn; and I move your Honors, accordingly, that this Court do stand adjourned.

Judge McCandless replied substantially as follows: I knew Judge Irwin long and intimately. I practiced before him for many years, and our social relations were always of the kindest character. He was called to occupy many distinguished positions, and now, like a shock fully ripe, he has been gathered to the granary. Concerning all that has been said by the District Attorney, it is now ordered that the Court do stand adjourned until to-morrow morning at nine o'clock.

COLORED CADETS AT WEST POINT.—It seems probable that the next class at West Point will contain several colored cadets. Three or four Congressmen announce their intention of appointing colored boys.

Prices not stated.

Varieties.

German astronomers assert that two stars, one in the constellation of the Corona, and the other in the Beta Argus (generally marked on astronomical charts by the Greek letter H)—have taken on fire.

The Richmond *Whig* assures us that the time has passed when the laboring man was looked down upon in Virginia, and that all Virginians are to-day looking up to that class as their main reliance.

The recent heavy rains have effectually extinguished the fires raging in the mountains in the vicinity of Altoona, much to the relief of the farmers and others whose fences and cord wood were endangered.

A queer wedding took place in New York a few days ago. A father and a son married a maid and a daughter—the strange pair it being that the father married the daughter and the mother married the son.

Chicago newspapers, it seems, are excluded from the Ohio Penitentiary. The warden indorsed on one recently sent them the following: "This paper is not admitted into the Ohio Penitentiary. The man to whom it was addressed is here for the murder of his wife, and I do not wish to have him further disgraced by such publication as this. Please discontinue it."

A candidate for office in New York is described as "too poor to wear diamonds, but he dresses in the height of fashion, and is a practical friend of the working man."

The hospitals of the city of Williamsport are to be extended to the Grand Commandery of Knights Templar on the occasion of its meeting, on the 14th of June.

There is no law in Kentucky providing a penalty for committing rape upon a colored woman, the Democratic Legislature of 1869 having repealed the law making it a crime.

The recent fires in the woods in Orange, Datches, Ulster and Sullivan counties, New York, have been the most extensive ever known. The loss is estimated at over a million dollars.

At a meeting of the ironmasters in Columbus, Penn., on Friday, it was decided that the current rates did not warrant the further production of pig iron, and that the furnaces should stop work.

A Cincinnati lady, not fifty years of age, having sorrowfully buried eight husbands, is about to try her fortune the ninth.

A Boston paper declares Boston to be the paradise of the organ grinders. Oh, that all our organ grinders might speedily enter paradise!

A Western paper proposes that the House of Representatives consist of three members from each State, without regard to population.

New Hampshire had a Congressman who used to open his speeches with "Fellow citizens, I was born in Portsmouth; I am always at home."

The Milwaukee *Wisconsin* reports great activity in the Lake Superior iron regions. The copper business is not flourishing, owing to the low price of copper.

The Democrats are once more talking about establishing a paper in Washington. A quarter of a million dollars, they fondly imagine, will insure its permanence.

A man named Wm. Weldon, sixty years old, resident of Williamsport, has made two attempts within a week to commit suicide. He first tried to drown himself, but was rescued, and then cut his throat with a dull razor.

The Congregational minister at Zanesville succeeded to his people that he would hold an old-fashioned Methodist love-feast, as he did not think the Methodist brethren have a patent right for the exclusive use of those meetings.

Gen. O'Neill and about two hundred men took a train from New York on the Erie Railway, on Saturday evening, ostensibly to join an expedition to the Winnipeg region. The Fenians say that they have nine hundred well armed men at Duluth, at the head of Lake Superior.

A railroad line is proposed from Mount Morris, N. Y., through Munday, to the Erie Railway and the coal mines of Northwestern Pennsylvania. This will be a continuation of the Genesee Valley road. Another road to lead from Rochester, N. Y., to the Erie railroad at Salamanca, and thence to Warren, Pennsylvania, is in contemplation.

NEWS BY CABLE.

LONDON, May 18. The stakes for the boat race between Kelly and Benfroth are already deposited and the race is to take place on the Tyne, Monday next.

The Board of Trade has declined to reverse judgment in the case of Captain Eye of the Bombay. Valuable statuary in Christ Church, Oxford, was recently removed during the night and burnt to lime.

The third yacht race between the American Sappho and English Cambria was won by the former, as already stated. The Times has the following details: Both yachts were becalmed for a long time. The Cambria was winner for the first twenty miles of the race, which was beat to windward, and weathered the Sappho under Bonchurch Cliff. Between there and St. Catherine's she tacked to windward along the island in short bows from St. Catherine's to the mark steamer, completing the first side of the triangle. The Sappho, from her great length of fore, reached and weathered on the Cambria, doubling the mark forty seconds ahead.

Here all interest in the race ended. The mark steamer had to take the Cambria in tow, as she drifted with the tide. A good breeze prevailed for the first score of miles and the struggle for the weather position occasioned considerable excitement. A dense fog prevailed during the greater part of the time.

PARIS, May 18. Constitutional, semi-official organ, demands the setting aside of the decree of banishment of Cernachini, Italian banker, on the ground that the Government can no afford to be generous. The writer also calls attention to the signal services formerly rendered by Cernachini.

General News. NEW YORK, May 18. A fire broke out about midnight last night in the boiler room in the Van Tuyl Charcoal Grinding Co.'s building, at No. 213 Cherry street. The building, a four-story brick, extending through to Water street, was used by the company as a foundry and facing mill, and was filled with machinery valued at \$25,000, and with stock valued at \$50,000. The machine and stock were totally destroyed excepting the building badly damaged. Total loss \$35,000.

After an exciting contest yesterday the election for a new Board of Directors of the Mercantile Library Association resulted in the success of the regular over the reform ticket by an average majority of 300. There was a fight around the ballot box when the polls closed, but the Inspectors saved the sacred urn from demolition. About one hundred votes were unpolled.

The World says the Judiciary election in the State yesterday resulted in an overwhelming Democratic triumph. The gains of the Democracy are uniform from all parts of the State, and the country returns are especially gratifying. The eastern districts are Democratic, Democrat, for Chief Justice, in the State, is 50,000.

The Democratic majority in this city is 60,700. All the Democratic candidates for Judges of Common Pleas and Marine Courts, together with those for Aldermen and Assistant Aldermen, are elected. In Brooklyn the regular Democratic ticket was successful over the coalition ticket. The election passed off quietly in this city. The negroes voted with moderation, except in one or two cases in the lower wards. Several negroes were arrested for voting.

The Sun says the the election in this city is a race and a mockery. It is about that out of every fifteen votes cast fourteen were cast for the Tammany Hall ticket. Every hall was entirely under secret instructions from their superiors, aided and abetted the conspirators, and exhibited no inclination to check the fraudulent voting. The system of repeating and balloting stuff was carried on a scale more extensive than ever. In one of the wards about 1,100 negroes were registered, but those newly enfranchised came to the ballot box with their hands already voted upon, namely, the placed of their residence. Full scope was effected for repeating by the condition of the registrars. Everybody who had changed his residence since last election entered his name, however, as a general rule the name of old citizens were erased, and of course a large number of really new names were now registered, including a considerable body of colored men. This swelled the registry to 184,417 names, and of course afforded ample opportunity for the gangs of repeaters that shamelessly perambulated the city from morning till night.

Mr. C. Stanton delivered an address at Apollo Hall yesterday, before a large gathering of ladies, in which she vented very fully her views of the McClellan cause. Eliza K. Read read a poem by Mr. McFarland and caught a laugh in its last line.

Hartford and Erie R. R. The Committee on Finance of the Legislature, to which was referred the bill for granting State aid to the Hartford and Erie company, has reported against the bill, and recommend the passage of the bill presented to the House by the minority committee in the recent hearing on the subject. The Committee speak of the road as in a helpless condition, the only way out of which is through bankruptcy. One member dissent.

BOSTON, May 18. In the Eight Hour League Convention, held to-day, Wendell Phillips presented resolutions in favor of shortening the hours of labor. A letter was read from Gerrit Smith sympathizing with the movement. Stephen S. Foster spoke in opposition. He wanted the privilege of working as many hours as he pleased. Among the speakers in favor of the movement were Julia Ward Howe, Wm. H. Channing, Wendell Phillips and Mrs. Livermore.

Cleveland Oil Market. CLEVELAND, May 18. Petroleum quiet but steady. New York, May 17-3 p. m. Demand fair but lower, 11%@15c. June 27c. July 27c. August 27c.

Pittsburgh Oil Market. PITTSBURGH, May 18. Crude—quiet and weak, although prices are not quotable lower; sales 1000 S. O. till 17c; 1000 S. O., May 12c; 2000 S. O. all year 11c; June 12c; July 12c; S. O. May, 12c; S. O. June, 12c; S. O. all year, buyer all year 11c; the market on the creek is weak and prices lower.

Refined—weak and declining in absence of sales we quote spot, or May, 26c; June, 27c; from August to December, 28c; B. O. all year, 28c@29c.

Eight Hour League Convention. BOSTON, May 18. In the Eight Hour League Convention, held to-day, Wendell Phillips presented resolutions in favor of shortening the hours of labor. A letter was read from Gerrit Smith sympathizing with the movement. Stephen S. Foster spoke in opposition. He wanted the privilege of working as many hours as he pleased. Among the speakers in favor of the movement were Julia Ward Howe, Wm. H. Channing, Wendell Phillips and Mrs. Livermore.

Antwerp Petroleum Market. ANTWERP, May 18. Market closed flat at 55c.

New York Dry Goods Market. NEW YORK, May 18. Dry Goods market continues inactive but prices generally steady.

Philadelphia Oil Market. PHILADELPHIA, May 18. Petroleum very quiet; holders of refined were asking 36c nominal lots. Crude, shade off, were bid at 53c per barrel.

Philadelphia Oil Market. PHILADELPHIA, May 18. Market quiet; oil and refined stocks were quoted at 53c nominal lots. Crude, shade off, were bid at 53c per barrel.

Antwerp Petroleum Market. ANTWERP, May 18. Market closed flat at 55c.

American News Association and Atlantic and Pacific Telegraph Line. CLEVELAND, May 18. Information has been received of the discovery of the principal leak through which the American News Association have secured the reports of the Western and New York Associated Press, when their own resources fail, as they do on very important occasions. Steps will be taken specially to prevent the stealing, or selling of the information, of the Pacific and Atlantic Telegraph Company to foreign concerns.

Gold opened at 115; closed at 114½.

For Railroad Time Tables see last col-

umn, fourth page.

Sink & Dr., successors to F. Steven-

son, open the Fulton Market to-day.

Hon. G. W. SCOTTFIELD is announced

as a candidate for re-election to Congress

from the Erie district.

AUDITOR—Mr. E. Ellsworth, of Con-

necticut, is announced as a candi-

date for County Auditor.

The City Poor Commissioners are re-

quested to meet the County Commissi-

ons at the HERALD office this morning at 9 o'clock.

The imitations of one and two-dollar

Treasury notes have just begun to circu-

late. They are well executed, and will

need close watching.

BASE BALL.—The Seneca of Oil City,

play the Mutuals of Meadville, to-day, and

the admirers of the noble pastime pay 25

cents per head to see the sport. Cheap.

J. B. McALLISTER, of Oil City, is sug-

gested as the Democratic candidate for

Congress from this district. It is thought

he would not be any worse defeated than

the gallant De France, of Clarion, was last

term.

RECEIVER APPOINTED.—The Court of

Common Pleas has appointed Mr. L. H.

Severance, Receiver, to take charge of and

manage the business of the Titusville Gas

Company, pending a suit brought against

the officers of the company by some of the

stockholders.

THE largest producing well in the oil

region is on the Dutchell farm, such

strikes indicate that the old territory is

the best territory. We would not be much

surprised to wake up some fine morning

and find the old Drake well on Watson

flat, spouting genuine bear's grease.

BIG THING.—Our fellow-townsman, F.

B. Guthrie, Esq., has purchased the Turtle

Farm, West Hickory, where the Ven-

ture well is pumping 300 barrels per day.

There are other claimants to the property,

and there will doubtless be an interesting

litigation in which we would as lief

have Guthrie's chances as anybody's.

THE Erie Daily Republican, which has

been lately purchased by J. E. Ashby &

Co., appears in a new typographical suit,

and enlarged to twenty-four columns.

Erie has a population of over 20,000, and

is capable of supporting two daily papers,

and the enterprise of the Republican is in-

dicative of permanent success.

FLAG-WALKS.—We are glad to note the

introduction of flag-walks in the way of

private improvements. The stone flagging

is brought from Mercer county by our

townsmen Mr. W. H. McDonald, who has

taken many orders from private citizens.

Among those who have had the walls or

made contracts with Mr. McDonald

are Jonathan Watson, W. H. Abbott, W.

T. Neil, M. S. Benedict, Funk Estate and

M. A. McDonald. We hope in the course

of another season to note the general sub-

stitution of flag-walks on the principal

streets.

MR. ANDERSON FOR THE SENATE.

We shall know who are to be the

candidates for the various offices. Med-

ville has two or three aspirants for Presi-

dent Judge. She will probably have a

candidate or two for Congress. Titusville

is very modest in her claims. Only one of

the county officers is now allotted to her;

that side Judge—filled by Hon. E. H.

Chase. Titusville will probably not ask

for a representative, but the name of

George K. Anderson, Esq., of this city, is

announced for the Senate. Mr. Anderson

has been urged by persons in all

parts of the district to stand as

a candidate, and he has consented, with

some reluctance to do so. His competi-

tors are Mr. Stritevian of Western Craw-

ford, and Mr. Delahunt of Meadville,

both worthy and respectable gentlemen,

but neither of them very well known here.

The former has served in the Legislature

two terms, the latter to our knowledge

never held an office. Mr. Anderson has

never been in office, but is well known to

have been, in a business way, one of the

most successful men of the oil country.

He has worked his way up, by his

own industry, energy, and good

character, from a humble begin-

ning to fortune, and influence. Mr.

Anderson has been an ardent and devoted

Republican for years, giving liberally of

his means to strengthen the organization

through the State, and to disseminate its

principles by public speech and travel, in all our political campaigns. The influence which Titusville exerts in this district and county is due to her standing, and rallying to a unit for her men, and her interest lies in so doing. Mr. Anderson is identified with our prosperous city, and if nominated, we believe will command a larger popular vote in this city than any other person who has been named. Of ample fortune, Mr. Anderson has never made a vain or foolish parade of wealth, but has always been distinguished by liberality and public spirit on all fit occasions. If he should be elected, he will make an intelligent, upright and useful representative, influential with his colleagues because of an open, candid and generous temper himself.

ABOVE PARKS.

Prospect Park—we can not say that is to be the name of it—we mean the handsome triangular plot at the intersection of Perry and Union streets, already presents a very encouraging prospect and will in due season be rendered as attractive as its limited space will allow. Several acres of ground are comprised in the enclosure, which has been purchased by subscription among the neighboring residents, and considerable work has been performed in grading and decorating the grounds. Moreover, a fountain is soon to be erected, and will be a conspicuous and "refreshing" bit of adornment. It is designed as a private park, we believe, for the especial use and decoration of those who have made the investment, and it will repay them richly.

And it is not fully time that the city of Titusville made an investment of the same sort of a larger scale? Nearly all cities of the size of ours, and many smaller ones, have public parks, where the people can escape from the dust and turmoil of the streets and breathe the fresh, free air of heaven. And with so promising a future for Titusville, it ought to secure to itself the same luxury. The more cultivated a community the more attention is paid to the planting and rearing of trees and the construction of public parks.

In some towns in Germany landholders are compelled to plant trees in the high way before their property; and another regulation is that to young man shall take a wife till he has planted a tree. These are rather arbitrary measures, but are justifiable in the abiding beauty of their results.

Other equally efficient means have, however, been adopted in various places in Northampton, Mass., an Ornamental Tree Society imbued the citizens with such a mania for arbor culture that it was quite as effectual as the German tyranny of not allowing a man to marry.

Daniel McFarland was appointed to the defense of the said mania in a lunatic asylum.

Whereas, Eminent physicians for the defense testified that the said Daniel McFarland was subject to periodical fits of insanity, and this testimony was corroborated by an affidavit of his late wife, Mrs. Abby Say, Richardson, and wife of Mr. McFarland.

Whereas, The counsel for the defense declared that the Jury, after listening to the testimony, could not help being convinced of the insanity of the said Daniel McFarland, and

whereas, In the face of the conclusive evidence of the professional gentlemen and others, they gave a verdict of Not Guilty.

Resolved, That we, the undersigned members of New York and neighborhood do most humbly beseech His Excellency the Governor to cause to be said Daniel McFarland to be placed in some asylum, thereby insuring the safety of our citizens.

We do not see why the prayer of the petitioners should not be granted. After the verdict of the jury, it will furnish a man, well connected with it editorially, who will do more of the general work of journalism, and do it better than any man in New York.

Or, if that won't do, the Enquirer will furnish two men who, for \$2,000, will do more of the general work of journalism, and do it better than any man in New York.

Or, if that won't do, the Enquirer will furnish two men who, for \$2,000, will do more of the general work of journalism, and do it better than any man in New York.

Or, if that won't do, the Enquirer will furnish two men who, for \$2,000, will do more of the general work of journalism, and do it better than any man in New York.

Or, if that won't do, the Enquirer will furnish two men who, for \$2,000, will do more of the general work of journalism, and do it better than any man in New York.

Or, if that won't do, the Enquirer will furnish two men who, for \$2,000, will do more of the general work of journalism, and do it better than any man in New York.

Or, if that won't do, the Enquirer will furnish two men who, for \$2,000, will do more of the general work of journalism, and do it better than any man in New York.

Or, if that won't do, the Enquirer will furnish two men who, for \$2,000, will do more of the general work of journalism, and do it better than any man in New York.

Or, if that won't do, the Enquirer will furnish two men who, for \$2,000, will do more of the general work of journalism, and do it better than any man in New York.

Or, if that won't do, the Enquirer will furnish two men who, for \$2,000, will do more of the general work of journalism, and do it better than any man in New York.

Or, if that won't do, the Enquirer will furnish two men who, for \$2,000, will do more of the general work of journalism, and do it better than any man in New York.

Miscellaneous.
The only organ without stops is a goose's tongue.

How to become a real estate agent—
marry a rich wife.

At what season did Adam leave Paradise? In the fall.

What soup would cannibals prefer? The broth of a boy.

Grocers should remember that honest dealing is the best policy.

If a man makes a beast of himself at dinner does he become the lion of the party?

Fashionable young ladies, like letters, require stamps, or the males reject them.

A passenger on an Ohio railroad was aroused from a serene slumber the other night by theooting of the whistle, and exclaimed, "The train has caught up with those cattle again."

In New Orleans a man got a good joke on his neighbor by painting his door with coal tar. The doctor came up the hole in the joker's skin, and thinks he may live, but he is going out of the tar trade.

What is the first thing that a lady does when she falls into the water? She gets wet.

"Mary, my love, this apple dumpling is not half done." "Well, finish it, then, my dear."

A schoolmaster's maxim—boys must be separated from vicious habits as grain from chaff—by threshing.

The medical schools are now discussing the question whether a black man can have a "white swelling."

Jumping matches between young women are becoming a popular amusement throughout the Western States.

One of the gentler sex says that the heaven of the strong-minded woman is "where buttons grow in their proper places, and men cease from bothering, and needles from getting lost."

It is hottest day that women don't kick half so much when they are having their teeth pulled?" A country editor says so, and we want to catch him in a trap.

A female preacher married a couple lately in Iowa. At the end of the ceremony the minister kissed the groom.

If you want to kiss a pretty girl, why, kiss her—if you can. If a pretty girl wants to kiss you, why, let her—like a man.

The first mention made of modern manners is in the Bible—where it speaks of the dove having brought the green leaf to Noah.

An Iowa wife put starch in her husband's beer, thinking it was arsenic, and was awfully indignant because it didn't soften his hair.

The following is taken from a tomb stone in Western New York. "In memory of Adeline Cobb, who was struck by lightning by her friend Mary Hicks."

At a recent firemen's supper at Beloit, the following toast was proposed: "The firemen of Beloit, like old mands, may they ever be ready, but never wanted."

A wife in Cincinnati has actually left her husband and applied for a divorce because he neglected to "kiss her good-by." A terrible warning to husbands of hurried business habits.

LOAN

— OF THE

CHESAPEAKE

AND

Ohio Railroad Co.

THE ADVANTAGES AND ATTRACTIONS of this LOAN, for investment purposes, are many and important.

1—It is based upon one of the great THROUGH LINES between the SEABOARD and the WEST.

2—THE SECURITY IS ALREADY CREATED, the greater part of the line being in successful operation.

3—The Local Traffic, from the unrivaled Agricultural regions and Iron and Coal depots adjacent, must be large and profitable.

4—The enterprise receives IMPORTANT CONCESSIONS and PRIVILEGES from the State of Virginia and West Virginia.

5—It is under the management of efficient and well-known Capitalists, whose names are guarantees for its EARLY COMPLETION and successful operation.

6—The bonds can be had either in

COUPON OR REGISTERED

form, they have thirty years to run, both principal and interest being payable in gold.

7—They are of denominations of

\$1000, \$500 and \$100,

bearing interest at the rate of six per cent in coin, payable May 1st and November 1st.

From our intimate acquaintance with the affairs and condition of the Company, we know these securities to be peculiarly desirable, and suitable for safe employment of surplus Capital and funding of Government Bonds, by Investors, Trustees of Estates, and others who prefer absolute security with reasonable income.

Holders of United States Five-Centuries are enabled to procure these bonds, bearing the same rate of interest and having a longer period to run, and to realize a large increase of capital in addition.

Bonds and Stocks dealt in at the Stock Exchange, received in exchange for this Loan, at the full market value, and the Bonds returned free of express charges.

Price \$0 and Accrued Interest in Currency.

Brochures, Maps, and full information furnished on application.
